1. In response to amendment filed on 22 December 2006, amendment to the claims is accepted.

Reasons for Allowance

2. Claims 34-120 are allowed over the prior art of record.

The following is a statement of reasons for the indication of allowable subject matter:

In interpreting the claims in light of the specification and applicant's arguments Examiner finds the claimed invention is patentable distinct from the prior art of record.

The prior art of record, Hecht introducing a registration quasi-reprographically replicating a source document. The source document is digitized appropriate location for embedded code are detected. As well as the prior art of record Mintzer et al. introducing invisible watermark for image verification.

The prior art of record, Hecht or Mintzer, fail to anticipate or render Applicant's particular feature that:

“an image providing apparatus which acquires document information which indicates a document format of an image to be processed from at least a part of the image, said image providing apparatus defining a location information indicating at least one region of the image, in which region a digital watermark is embedded based on the document information ... a document format database for managing information of the region where the digital watermark is embedded so that the information can be retrieved by using the document information”

The dependent claims, being further limiting to the independent claims, defined and enabled by the Specification are also allowed.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for
